

Lone Star ANG Nametag

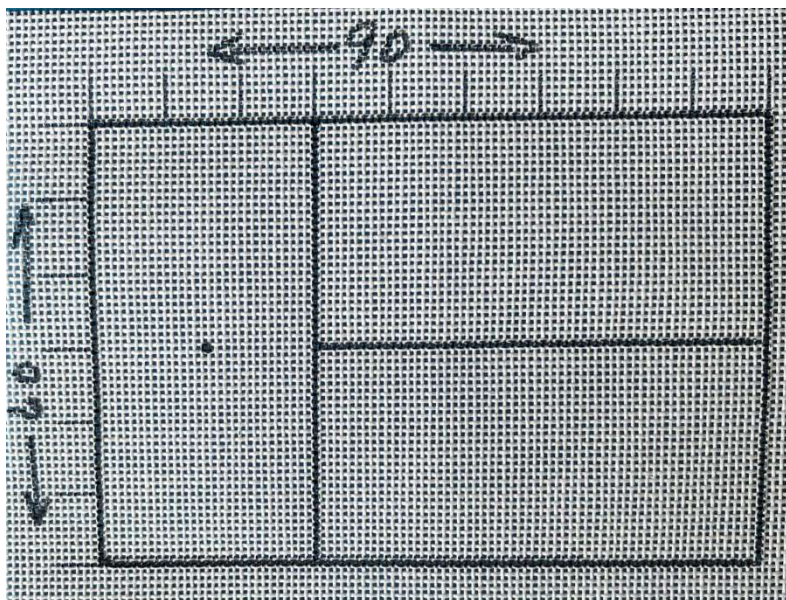

This is a chart for a nametag for the Lone Star Chapter of the American Needlepoint Guild.

There are two versions of the nametag that are suggested for the members of the Lone Star Chapter of ANG. The smaller version is approximately 2" x 3.5" and should be stitched in red, white, and blue thread to resemble the state flag of Texas. The larger version measures approximately 3.5" x 5". Members are encouraged to stitch whichever version they prefer and to use threads that they already have in their stash. These threads can include, but are not limited to, Cotton floss, Silk floss, Perle Coton, Entice, Neon Rays, Wool, Sparkle Rays, Kreinik Metallics, or any other red, white, or blue thread that they might have in their stash.

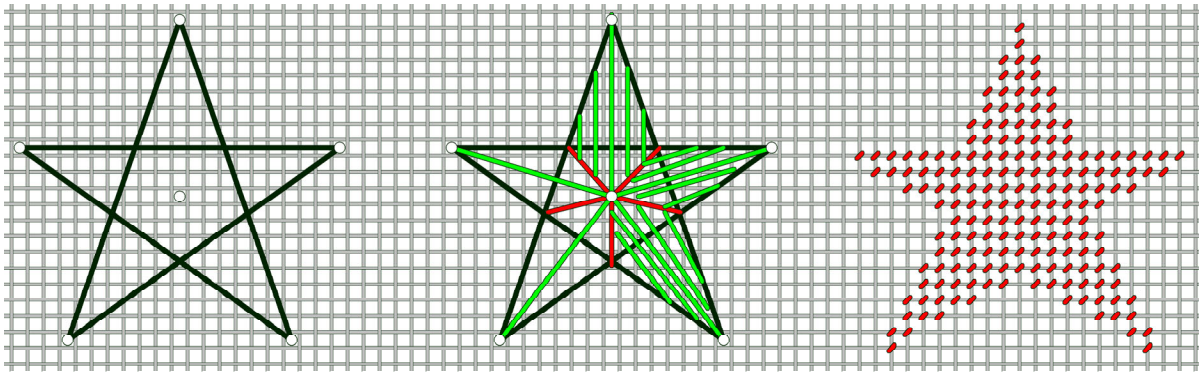

The nametag may be stitched using any stitches that you prefer. It can be done in Basketweave, Mosaic, Oriental, Scotch stitch, Cross stitch, Bargello, Hungarian or any other of the thousands of stitches that we as stitchers use every day. Let your mind go wild and get creative!

Attached you will find the graphs for both sizes as well as a number of alphabets to use when adding your name. These are free and available to anyone on the internet. The letting can be stitched in any thread that coordinates or you could use a gold or silver metallic thread for the letters. Simply use the blank graph paper to graph out your name using one of the alphabets provided and center it in the white section of the flag/nametag.

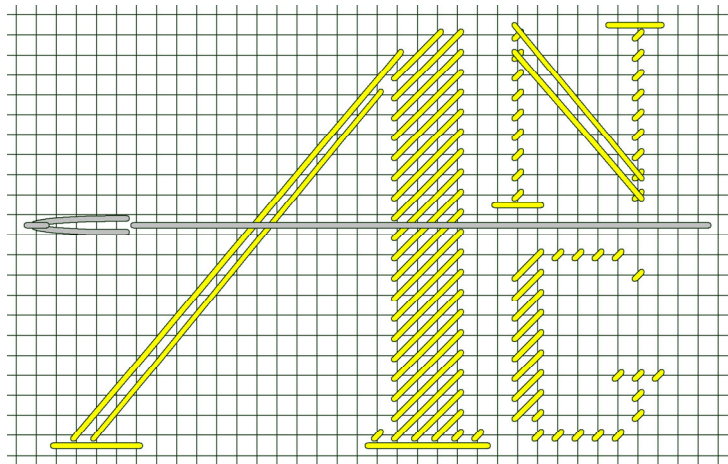

Large Star Diagram:

The large flag is a large rectangle that measures 90 canvas threads wide x 60 canvas threads tall. Each section of the flag measures 30 canvas threads x 60 canvas threads. The white star is centered on the blue section of the flag. Your name can be added to the red and white sections. If you wish to add the optional ANG logo you may center that in the red section of the flag.

The ANG logo can be added to the center of the red section of the flag nametag. I used a gold metallic ribbon thread to stitch the letters and added a large needle that I anchored to the canvas. You could also use a silver metallic thread to stitch the needle creating a lazy daisy stitch for the eye of the needle.

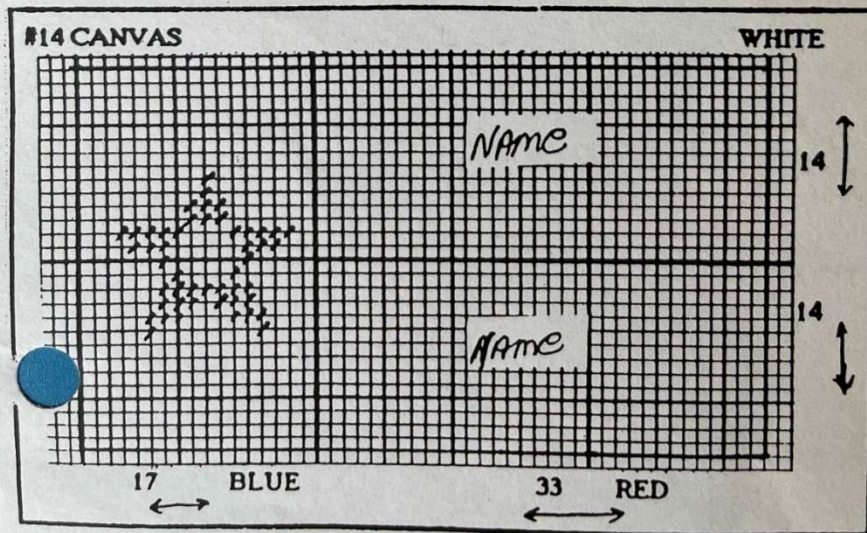

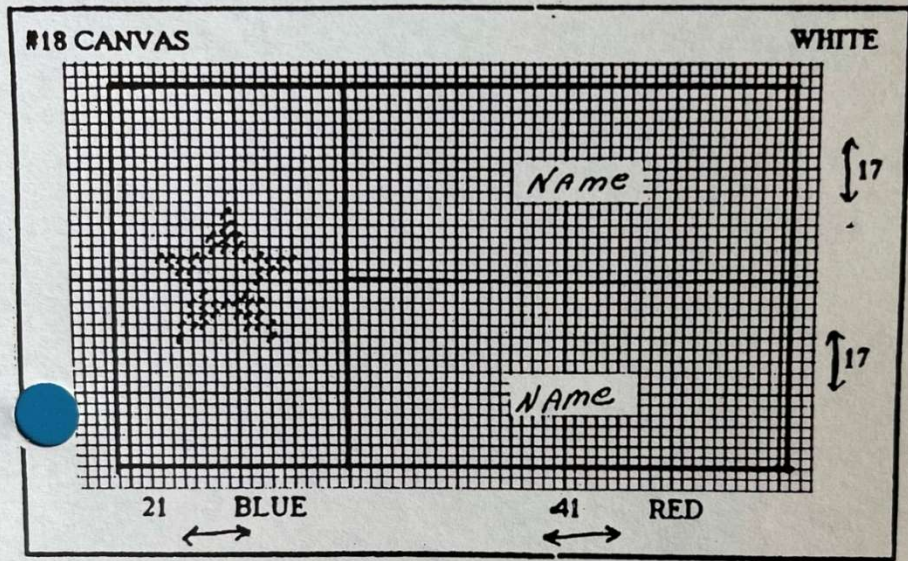

Small Version Nametag:
